# GENERAL INFORMATION

All prices are indicated in Hungarian Forint and are inclusive of all taxes (0% VAT owing to VAT exemption).

The prices are valid within Budapest, Hungary. In case of a symbolic wedding on the countryside, a tailor-made offer has to be calculated. In this case the travel fees of all participating vendors have to be considered.

In the default package the presence of a wedding planner is not included. The basic services can be coordinated by the celebrant we delegate, however you can decide to have a wedding planner with you on the wedding day. In this case an additional fee is added at a price of HUF40k/hour (the minimum order is 4 hrs).

Beside English/Hungarian you can choose other languages too based on a separate offer.

IMPORTANT: the basic package does not include the wedding venue itself. We can help in booking the venue, if you wish.

The price of the bridal bouquet included in the basic package is calculated in medium size and with seasonal flowers of Hungary in your preferred colours.

Terms of payment: 50% upon ordering, 50% 5 working days before the wedding. We accept bank transfer and PayPal.
